

Product Change Notice - Announcement

PCN no.: P25-2015-001
Date: 2015-04-27
PCN Type: Information
Subject: EGO[®] Radiant Heating Elements - omission of P1 tab
Reference: Product Management - Tilo Fucik

1. Change reason/Change item

Continuous improvement of E.G.O.'s products and market observation has given the proof that the P1 tab on the below-mentioned EGO[®] types is not needed. Actually, the P1 terminal could even lead to failures or miswiring during the assembly of the heater in the hob.

The function of the limiter remains unchanged.

This change is made in order to help to increase the product quality within the hob production.

For further explanation please see the pictures below.
